View Place Knowledge Maps

A Knowledge Map is a list of related media to an individual subject or place.

1. Go to places.shanti.virginia.edu
    - The Places homepage will open
2. Search a place name
    - Learn more at Search in Places or Browse in Places
    - The page for that Place will open
3. Find the Knowledge Map in the "Overview" sidebar menu
    - The media related to the place will be listed here
4. Click the **media** types in the "Overview" sidebar menu
    - Related assets will appear
5. Click **Subjects** or **Places** in the "Overview" sidebar menu to explore other Knowledge Maps
    - Related assets will appear

    a. Hover over an asset
        - A preview of the Knowledge Map will open in a menu
        - The preview may take a few seconds to load

    b. Click **Full Entry** to go to the Knowledge Map page
        - The Knowledge Map page will open
