Link to a Source

To link to a Mandala source:

1. Open the citation or collection of citations you want to share
    - Learn more with Find Entries
2. Copy the URL in your browser's address bar
    - This URL links directly to the citation or collection
    - It looks something like https://sources.shanti.virginia.edu/content/performance-poetry-preservation-project
3. Make a link using this URL
    - This process depends on the tool you're using
    - Learn how to add a link in WordPress, add a link in Confluence, or add a link as a UVaCollab Resource (external guide courtesy of ITS)

This works for private and public resources. If your resource is private, however, make sure that your viewers are members of the right collection. Members need to sign in to see the resource.
