Search Places

1. Go to mandala.shanti.virginia.edu/places
    - The Places homepage will open

2. Click the **search** icon
    - This icon is a magnifying glass in the top right of the page
    - The Search window will expand

3. Type a place name into the "Search Places" field
    - A drop-down list of place names will unfold in the "Results" tab

4. To filter your search, either click inside or type into the "Filter" fields
    - A drop-down list of results will unfold

5. Click a **result** from the list(s)
    - A drop-down list of results will unfold in "Results" tab

6. Use the arrow buttons as needed to view results
7. Click a **place** from the list
    - The node page for the place will open
