

Download Transcripts

1. Open the video or audio from where you want to download a transcription
2. Click the **dialog bubble icon** above the transcript
 - This is the first icon on the top toolbar
 - Transcript options will expand
3. Find the "Download" section on the options menu
4. Click **SRT** or **InqScribe**
 - This determines which file type will download
 - The transcript will download to your computer
