Label Mandala Items with Terms

You can tag any of your items in Mandala with an term. You can also reference a specific definition in the tag. Tagged items will show up as related resources on the page for that term. To add a term to a Mandala item, first edit that item, then add the term in the **Terms** metadata field. Once you've added the term, you can choose which definition(s) you want to reference, if any.

In Audio-Video, Images, or Sources

- 1. Edit the media where you want to add a term
 - See the guides to editing in Audio-Video, Images
- 2. Click Classification, then Terms
 - This field uses Knowledge Maps
- 3. Search for a term name
- 4. Click on a term
 - The term will appear beneath the search bar
- 5. To remove the term, click x next to it
- 6. To add a specific definition, click the gold list icon next to the term
 - a. Check the definitions you want to reference
 - b. Click Submit
 - The definitions number(s) will appear next to the term name
- 7. Save the media file
 - Mandala will add the media to the term

In Visuals

- 1. Edit the visualization
- 2. Click Terms at the bottom of the page
- 3. Search for a term name
- 4. Click on a term
 - The term will appear beneath the search bar
- 5. To remove the term, click x next to it
- 6. To add a specific definition, click the gold list icon next to the term
 - a. Check the definitions you want to reference
 - b. Click Submit
 - The definitions number(s) will appear next to the term name
- 7. Save the media file
 - Mandala will add the visualization to the subject or place term

In Texts

- 1. Open the text you want to edit
- 2. If you want to add Knowledge Maps to the whole text, click Edit Top Section
 - You can also click the edit icon next to any section; this will add Knowledge Maps to that specific section
 - The editor will open
- 3. Click KMap Terms, then Terms
- 4. Search for a term name
- 5. Click on a term

- The term will appear beneath the search bar
- 6. To remove the term, click **x** next to it
- 7. To add a specific definition, click the gold list icon next to the term
 - a. Check the definitions you want to reference
 - b. Click Submit
 - The definitions number(s) will appear next to the term name
- 8. Click Save text section
 - The text will be added to the subject or place label
