

Target Trainee

Duties

1. Respond to alarms (reach out to the Target Expert on shift, if the Target Expert doesn't respond/acknowledge, then try to fix it, or contact target-group members immediately).
2. Make prior arrangements to make yourself available for the entire week (of your shift) to assist the "Target Expert" of the week in accomplishing the tasks mentioned on [Target Expert](#) page.
You will have to be in touch with the Target Expert on shift as frequently as possible while checking the entire system's status.
3. Keep all your training up to date before your shift.
4. Ensure to go through the "Target Expert's Checklist" (a Table on the [Target Expert](#) page) at least a couple of times a day.
5. Check [Target System Maintenance](#) page and arrange/perform necessary maintenance with the Target Expert.
6. Ensure to go through the [Target Operator \(Old Page\)](#) checklist and perform maintenance tasks if necessary (with the Target Expert's coordination).
